Overview of the Institute for Healthcare Improvement

Program Overview

Expectations

Questions

# IHI Mission

To improve health  
and health care  
worldwide

# Mission

Ensure equitable and reliable delivery of age-friendly care across all health care settings that:

Is guided by an essential set of evidence-based practices (4Ms);

Causes no harms; and

Is consistent with What Matters to the older adult and their family.

# Live Course with Coaching: Overview

# Program Objectives

---

After this program, participants will be able to:

- Assess, document, and act on the 4Ms of evidence-based, age-friendly care
- Describe strategies to integrate equity throughout their implementation of age-friendly care
- Practice and spread age-friendly care, including engaging leadership to support implementation of age-friendly care
- Apply approaches and tools to spread the 4Ms, including engaging leadership to support implementation of age-friendly care
