---

**Allison Perry, MA**  
*Senior Director,  
Faculty & Fellows*

**Daniel Peres**  
*Director, Global  
Delivery and Design*

**Natalie Martinez, MPH**  
*Project Manager*

**Emma Owings**  
*Associate Project  
Manager*

# Global Fellowship - Developing health care leaders in quality and safety worldwide

# 2022-2023 IHI Fellows

# Fellows will:

---

Bring new ways of thinking and innovative ideas for improving the quality of patient care, reducing harm, and improving quality of care and patient-centered outcomes back to their organization

Make a direct impact on their system while pursuing a strategic project with metrics tied to strategic organizational goals

Deepen their knowledge in quality and safety science

Learn how to lead system changes in quality, safety, and culture, including how to engage, influence, and impact culture change

# Fellows will be exposed to:

---

## Quality and Safety Content

- Access to and guidance from renowned IHI leaders and faculty, including health care quality and safety experts, and innovative leaders who have improved systems in other industries

## Leadership skills

- A final presentation made to program peers, faculty, and project sponsor from the participants home organization
- Interactive case studies and simulation-based learning opportunities

## Support and Networking Opportunities

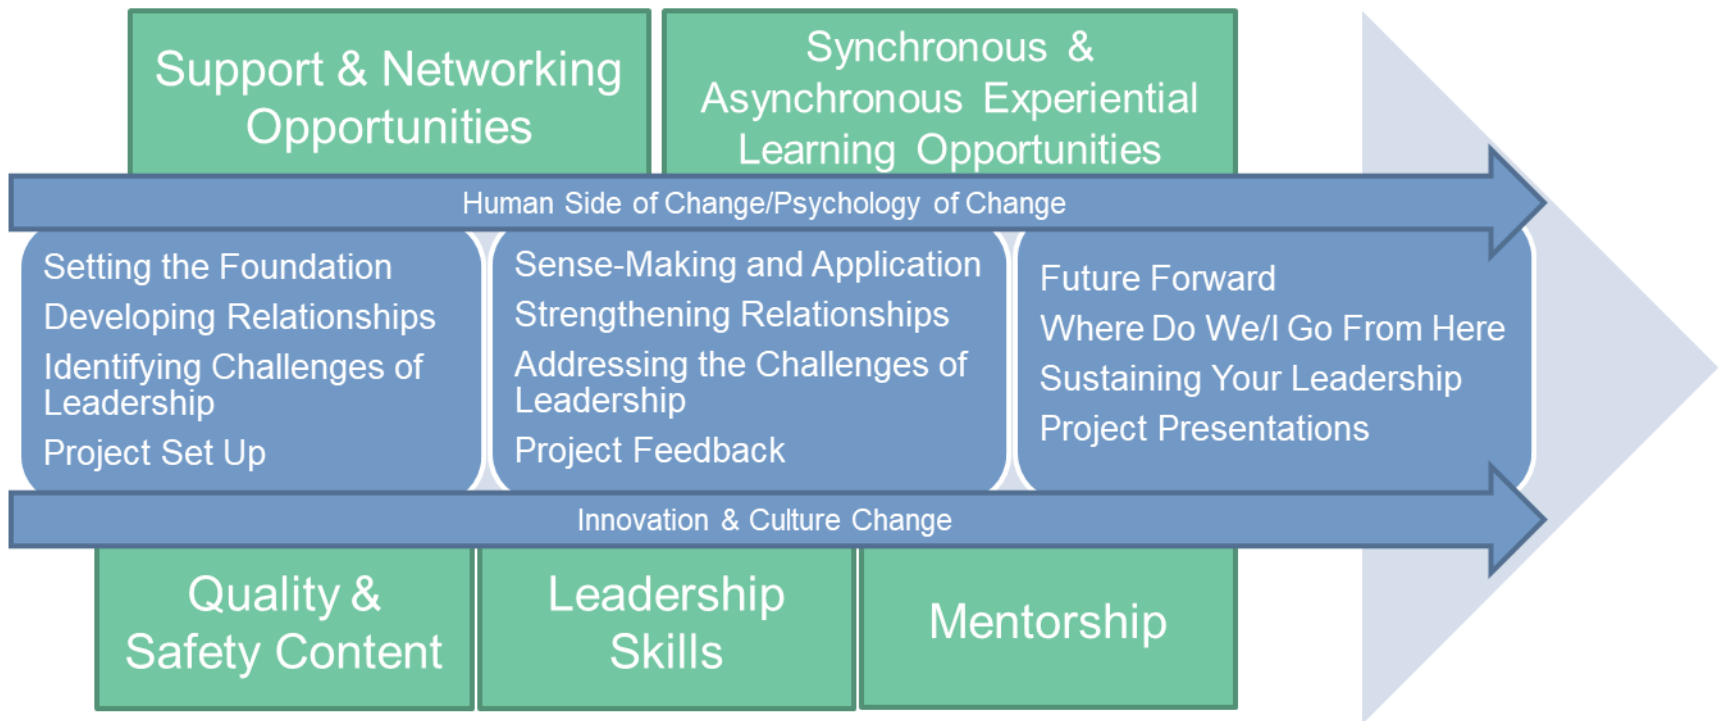

- A lasting and meaningful global network of peers and faculty, allowing for an exchange of advice, ideas, and support in the long-term (this includes an exclusive alumni network)
- Senior sponsorship and active engagement from your home organization's executive team, including quarterly sponsor progress check-ins

## Mentoring

- A dedicated mentor providing continuous feedback and support

# The Fellowship Experience

# Fellows can expect

- Access to key modules from the IHI Open School so they can refresh their knowledge of improvement science and patient safety principles and methods before starting their fellowship
- Access to the CPPS online review course and credentialing exam
- **Two in-person meetings. Attendance is strongly recommended. (December 2023 and December 2024)**
- Two, four-day virtual retreats (February and June, 2024)
- Bi-weekly live virtual meetings
- Bi-weekly self-paced online learning modules
- Independent learning assignments
- A final presentation made to program peers, faculty, and project sponsor from the participants home organization

## About CPPS

- Launched in 2012 by the Certification Board for Professionals in Patient Safety (CBPPS) at the National Patient Safety Foundation
- Rigorous and comprehensive credentialing process that attest to patient safety competencies and expertise
- Evidence-based examination covers 5 patient safety domains:
  - Culture
  - Leadership
  - Patient Safety Risks and Solutions
  - Measuring and Improving performance
  - Systems thinking and Design / Human Factors
