

Moving Quality Improvement from Theory to Action

IHI Online Course with Coaching
Beginning March 22, 2022

The Institute for Healthcare Improvement's (IHI) has developed a 9-week project-based online course with engaging video modules, group calls, 1:1 coaching, and downloadable tools. Like improvement, you cannot complete this program from your desk. It will be up to you to manage your improvement project, apply your learning, and run your own tests of change, from start to sustainability.

What are participants saying about IHI's Quality Improvement Practicum?

"Comprehensive and easy to understand overview of key principles of Quality Improvement, including the use of supportive tools to implement activities your practice setting."

- **Jennifer Wilson, Clinical Nurse Consultant of Safety & Quality, Sunshine Coast Hospital and Health Service**

"Very helpful resources and insights. Course is flexible/quick enough for professionals to add into busy schedules. Can implement concepts/ideas immediately rather than after course is completed."

- **Margaret Alfaro, Senior Manager of Evaluation & Compliance, Abode Services**

"Very well put together course for the beginner, intermediate, or seasoned performance improvement professional. Interesting examples, clear directions, and easy to follow projects make for a worthwhile endeavor."

- **Carol Smith, Quality Assurance Coordinator, Hackensack Meridian Health - JFK Medical Center**
